Follow-up route	Assessment	Observed outcome
Training-posterior draws	Source diagnostic	MMD not improved
Coordinate permutation	Source diagnostic	MMD worsened
Reference-template prior	Source diagnostic	Mixed; extra information
KL warmup	Reconstruction / resource	4 guards fail
Latent-conditioned AR	Information / generation	PASS / FAIL
Direct-latent diffusion	Mechanism / value	FAIL / not interpreted
Conditioning context	Multistage screen	Not supported

First three routes: no applicable generation winner gate.

KL warmup: its separate investment criterion passes.
